

[illegible][illegible]

These workshops are designed to help families better understand the special education process and explore strategies that support student success. Topics will include an introduction to special education, ways to promote inclusive practices that foster student connectedness, the role of executive functioning in learning and development, how to access both district and community resources, and how to build essential skills to support student mental health. We look forward to partnering with you throughout your special education journey.

**Dates and Times:** Tuesday, October 14, 2025, 9:00 AM – 10:15 AM; Thursday, October 23, 2025, 6:00 PM – 7:15 PM
